

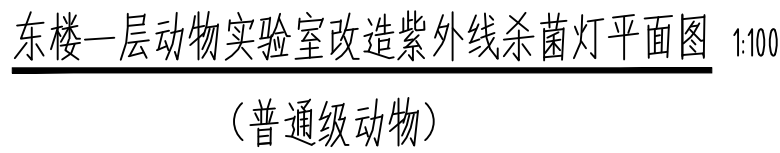

Figure 1 is a schematic diagram of the first floor fire compartment division. It shows a rectangular building footprint divided into four fire compartments. A north arrow is located in the top right corner. The compartments are: 1. Third fire compartment (top left, cross-hatched, 488.32m²); 2. First fire compartment (top middle, dotted, 1182.3m²); 3. Second fire compartment (top right, dotted, 1101.52m²); 4. Fourth fire compartment (bottom left, diagonal hatched, 736.84m²). Dimensions are given in meters: horizontal (21600, 56800, 19400) and vertical (3000, 4500, 3400, 17700, 38300). Grid lines are labeled with circled numbers 1, 4, 5, 13, 14, 17 and circled letters T, P, M, L, A, B. Wall thicknesses are indicated as 1/10 and 1/11.
